Description

UNYKA PRO presents this FLEX ATX 2U Certified 80 Plus power supply, it is made with Japanese capacitors to be used in professional environments, since it has a real continuous power of 600W.

This supply is specially designed to be mounted in chassis that support 2U power supply formats.

It has a 60mm fan with double ball bearings to prolong its lifespan, located in the inner part to reduce noise, and ensure constant airflow and optimal cooling under any workload.
