SERIE: **PROFESSIONAL**

**UK56009**

MODEL

**UK56009**

PART NUMBER

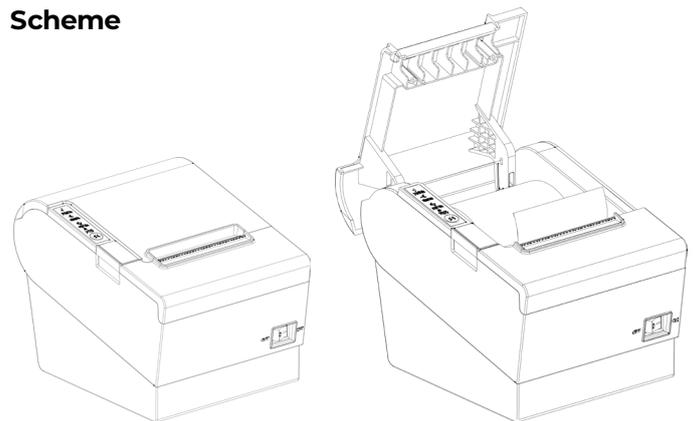

**6974560220946**

EAN

## Description

The new POS5 thermal printer is an advanced solution for printing tickets and receipts with partial cut. Thanks to its USB, RJ12, RJ11 and LAN connections, this printer is fully compatible and can be used without complicated installations. It is compatible with the main operating systems on the market, such as Windows, JPOS, OPOS, Linux, Android and Mac, as well as applications developed for them. In addition, its compact design makes it perfect for the retail sector, being ideal for businesses such as hospitality, hairdressers, clothing stores, bakeries, supermarkets, bookstores, among others.

## Scheme

The POS5 uses standard 80mm wide thermal paper, requires no cartridges and allows barcode and logo printing for professional document presentation. With the POS5 thermal printer, the process of printing receipts and tickets is fast, simple and efficient.
